

What are you **READING**? Come get something new to **READ** and Relax with!!

July 10

12:30-1:30 DIY Science Slime with Mrs. Halper

Polymer? What is a polymer? Mrs. Halper will take you on a science adventure to learn about the properties of polymers to create your own take home slime! Learn to mix ingredients and experiment with colors to create your own result.

1:30-3:00 Excelsior! with Mr. LaBud

COMIC BOOK FANS ASSEMBLE! Bring your favorite comic book materials to this comic-con inspired session to read, watch, and discuss your favorite comic books and heroes. We will also have a workshop to help you create your own comics and bring your ideas to life.

July 17

12:15-2:00 ART in the Courtyard with Mr. Driscoll and Mr. LaBud

Nature needs a voice! There are few better ways to create a voice for nature than creating unique works of art to display throughout our garden space. Join the Green Team to design art displays, install artistic plant identifiers, and learn to photograph our natural landscapes. Students will have the opportunity to permanently beautify our school.

2:00-3:00 Kindness Stones with Mrs. Halper

Continuing from the ART in the courtyard, work together to partner with the "Kindness Rocks Project" to match their mission: "to cultivate connections within communities and lift others up through simple acts of kindness." We will create and decorate kindness rocks.

July 24

12:30-1:30 GAME ON! With Mrs. Halper

Breakout with retro video games and use your programming skills to play a "spin" on retro video games. In this session you will have a play space like PacMan using the Cue Robots and Sonic the Hedgehog using the Spheros. Face off with other players for a friendly competition to be the winner to rule them all.

1:30-3:00 Pickles R US with Mr. Driscoll and Labud

Join us as we pickle cucumbers, jalapenos, and more! There's nothing worse than wasting perfectly good food, so come and learn how to preserve your garden vegetables and save them for another time. Each student will take home recipes and a jar of pickled goodness.

July 31

12:15-1:30 Open Coding with Mrs. Halper

Interested in coding your own apps? Making a robot work? In this open session you will have access to the many coding resources Gurrie has to offer and will make your own hour of code learning more about C+ coding, Cubelets, Makey Makey, LittleBits, Cues, and Spheros!

1:30-3:00 Role Playing Game Club with Mr. Walsen and Mr. Labud

Role Playing Game Club will be meeting and playing to wrap up our Summer Connect schedule! For more information on the RPG club, check out the back side of this brochure!

RPG CLUB

Role Playing Game Club is open to all students regardless of previous RPG or other gaming experience. This club is centered on Role-Playing-Games (RPGs). Students will create their own original characters, and then take on their roles and play cooperatively, encountering different challenges and scenarios as an adventuring party/group. Our goal is to provide a fun, positive, safe, and supportive environment for students to collaborate, experience, socialize, and enjoy RPG games and gaming with other students.

Meeting Times and Dates:

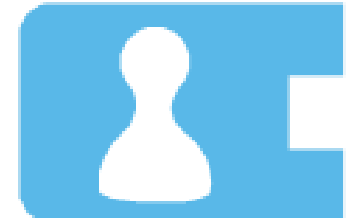

July 10 12:30-2:30

July 17 2:00-3:00

July 24 12:30-1:30

July 31 1:30-3:00
