institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Low-income students come from families receiving public aid; live in Limited-English-proficient students are those students eligible for transitional bilingual programs. Mobility rate is based on the number of times students enroll in or leave a school during the school year. Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

### **SCHOOL DISTRICT FINANCES**

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

<sup>\*\*</sup> Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

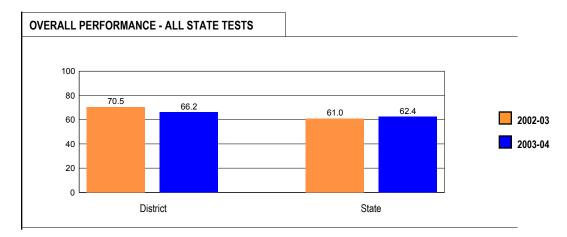

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

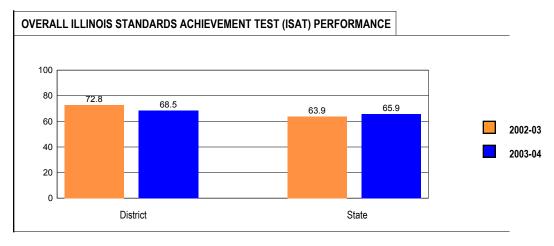

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

#### **ACADEMIC PERFORMANCE**

#### **OVERALL STUDENT PERFORMANCE**

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. These performance measures include only those test scores for the grades and subjects included in your district.

**Total school tax rate** is a district's total tax rate as it appears on local property tax bills.

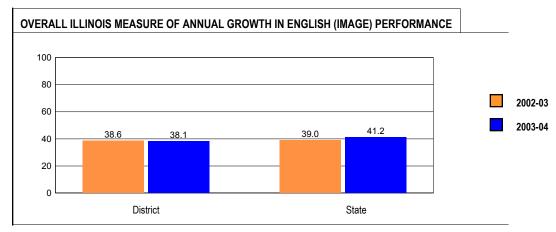

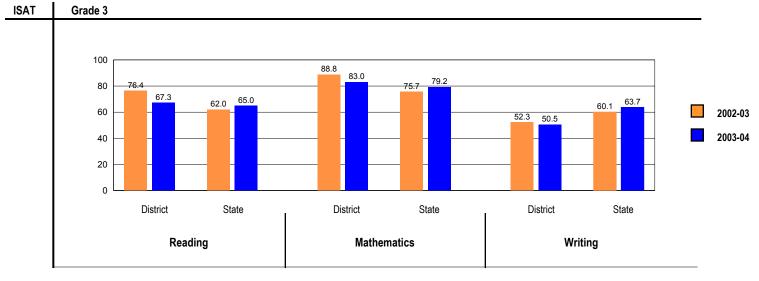

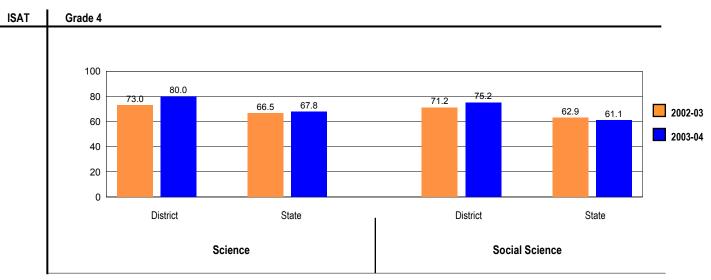

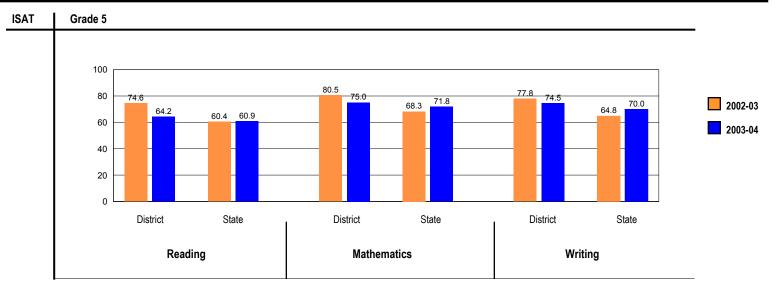

IMAGE scores in the Expanding and Transitioning performance levels count the same, respectively, as scores on other state assessments that meet or exceed Standards.

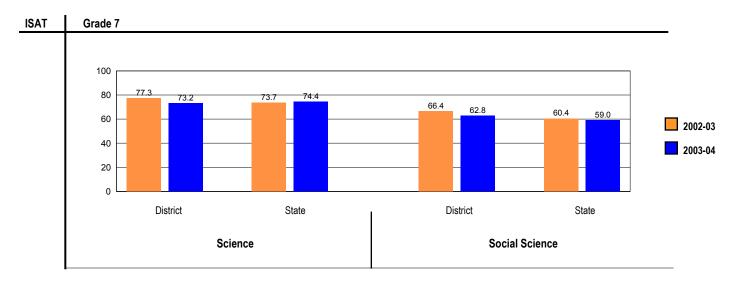

#### **ISAT PERFORMANCE**

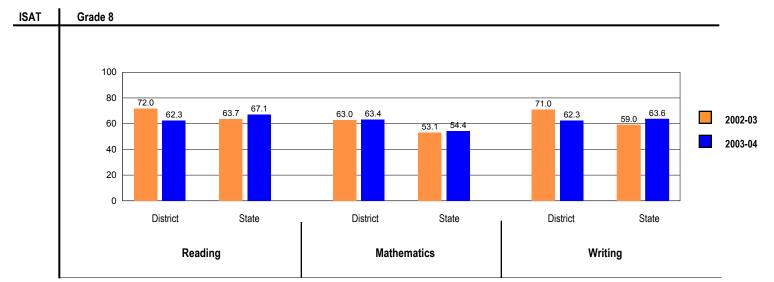

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

#### **PERFORMANCE ON STATE ASSESSMENTS**

Federal law requires that student achievement results for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

### ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

#### ILLINOIS MEASURE OF ANNUAL GROWTH IN ENGLISH (IMAGE)

Students enrolled in state-approved transitional bilingual programs for less than three years take IMAGE if they are unable to take ISAT/PSAE due to their lack of proficiency in English. The table below presents IMAGE results for these students. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Beginning Students at this level begin to read and understand short, simple text supported by illustrations or personal experiences. Students begin to communicate ideas in writing through word lists, phrases, or simple sentences.
- Level 2 --Strengthening Students at this level read and understand simple text supported by illustrations or personal experiences. Students maintain a focus in writing through simple or repetitive language.
- Level 3 -- Expanding Students at this level read text with increasing understanding of abstract and/or unfamiliar content. Students communicate ideas in writing with increased detail, organization, and variety of language.
- Level 4 -- Transitioning Students at this level read and understand an increasingly broad range of materials required for academic success. Students communicate ideas with control of language and writing features required for academic success.

For Mathematics see ISAT or PSAE descriptions of the performance levels.

### 2004 ADEQUATE YEARLY PROGRESS (AYP) INFORMATION

Is this district making Adequate Yearly Progress (AYP)?	No
Is this district making AYP in Reading?	No
Is this district making AYP in Mathematics?	No

Has this district been identified for District Improvement according to the AYP specifications of the federal No Child Left Behind Act?

Three Conditions Are Required For Making Adequate Yearly Progress (AYP)

- 1. At least 95.0% tested for Reading and Mathematics for the All Group and Subgroups. If the current year's participation rates are less than 95%, the participation rate for AYP will be considered sufficient if the average of the current year and the preceding year is at least 95%, or if the average of the current year and the two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% but 'Met AYP' is 'Yes', it means the 95% condition was met by averaging.
- 2. At least 40.0% Meeting/Exceeding Standards for Reading and Mathematics for the All Group, and at least 37.0% for all Subgroups to compensate for error in measurement for smaller subgroup sizes, or meet Safe Harbor requirements\*\*\*
- 3. At least 89.0% Attendance Rate for elementary school districts or at least 66.0% Graduation Rate for high school districts. Unit districts must meet both criteria.

<sup>\*</sup> Includes only students enrolled as of 9/30/03.

<sup>\*\*</sup> Safe Harbor Targets of 37% or above are not printed.

<sup>\*\*\*</sup> Subgroups with fewer than 40 students are not reported. Safe harbor only applies to subgroups. In order for safe harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high school districts, graduation rate for high school districts, and attendance and graduation rates for unit school districts) for the subgroup. Safe harbor allows school districts an alternate method to meet subgroup minimum targets on achievement.

### **SCHOOL IMPROVEMENT STATUS**
