CARD**

GRADES: 7 8

The Better Schools Accountability Law of 1985 requires public school districts to provide school report cards each year to parents (and others upon request). This report card contains information about your school and your district in the following categories: student characteristics, the instructional setting, the school district's finances, and student performance on state assessments.

The state assessments are designed to measure students' progress in mastering the Illinois Learning Standards. These Standards, adopted in 1997, express what Illinois students should know and be able to do. The Illinois Standards Achievement Test (ISAT) and the Prairie State Achievement Examination (PSAE) were launched to measure student achievement of the Illinois Learning Standards. In addition, the Illinois Measure of Annual Growth in English (IMAGE) assesses the progress of limited-English-proficient students in attaining the English-language skills needed to achieve the Learning Standards. For students with disabilities whose Individualized Education Programs (IEP's) indicate that participation in the ISAT and the PSAE would not be appropriate, the Illinois Alternate Assessment (IAA) measures progress toward achievement of the Standards through a portfolio process.

Note: Title 1 of the Elementary and Secondary Education Act requires that the reporting of state assessment data be disaggregated by various student characteristics. This requirement significantly increases the volume of data reported. Therefore, blank tables and tables not relevant to a school are not printed. Also, in order to protect students' confidentiality, assessment data for groups of fewer than five students are not printed.

Low-income students come from families receiving public aid, live in institutions for neglected or delinquent children, are supported in foster homes with public funds, or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs. Mobility rate is based on the number of times students enroll in or leave a school during the school year. Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes Instructional Expenditures, Pupil Support Services, Instructional Staff Support Services, School Administration, Business Support

ACADEMIC PERFORMANCE

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

This chart illustrates the overall performance of your school, district, and the state on the ISAT for the last three years. It shows the percent of elementary students meeting or exceeding the Illinois Learning Standards. The overall performance results displayed include only the grades and subjects tested on the ISAT in your school.

ISAT PERFORMANCE 2000-01

These charts provide information on the achievement of the Illinois Learning Standards. They show the percent of students meeting or exceeding Standards for various grade levels and subject areas tested on the ISAT.

Grade 8

PERFORMANCE ON STATE ASSESSMENTS

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities may have an IEP or Section 504 Plan. An IEP is a written plan for a child with a disability who is eligible for special education services under the Individuals with Disabilities Education Act. A Section 504 Plan is developed to provide reasonable accommodations for a child who meets the definition of a qualified person with a disability under Section 504 of the Rehabilitation Act of 1973.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of your school's students in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percents in the four performance levels may not always equal 100.

Level 1 -- Academic Warning -	Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
Level 2 -- Below Standards -	Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
Level 3 -- Meets Standards -	Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
Level 4 -- Exceeds Standards -	Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

ILLINOIS MEASURE OF ANNUAL GROWTH IN ENGLISH (IMAGE)

Students in state-approved transitional bilingual programs for less than three years take the IMAGE state assessment if they are unable to take the ISAT/PSAE due to their lack of proficiency in English. The table below presents the results for these students. The effectiveness of your district's program may be judged by examining individual scores across time. Due to rounding, the sum of the percents in the four performance levels may not always equal 100.

- Beginning -** Students at this level begin to read and understand short, simple text supported by illustrations or personal experiences. Students begin to communicate ideas in writing through word lists, phrases, or simple sentences.
- Strengthening -** Students at this level read and understand simple text supported by illustrations or personal experiences. Students maintain a focus in writing through simple or repetitive language.
- Expanding -** Students at this level read text with increasing understanding of abstract and/or unfamiliar content. Students communicate ideas in writing with increased detail, organization, and variety of language.
- Transitioning -** Students at this level read and understand an increasingly broad range of materials required for academic success. Students communicate ideas with control of language and writing features required for academic success.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

Based on your school's improvement plan, your school and district are providing information on areas of success and areas for planned improvement below and/or on a separate sheet.
