| District | \$399,539 | 2 28 | \$7,213 \$4,842 | \$10,899 \$8,181 |

^{**} Due to the way !linois school districts are configured. state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated

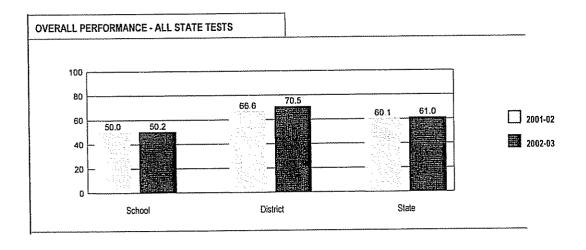

Total school tax rate is a district's total tax rate as it appears on local property tax bills

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

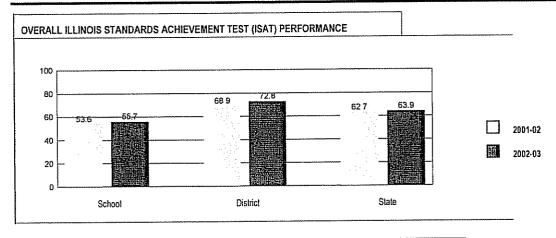

ACADEMIC PERFORMANCE

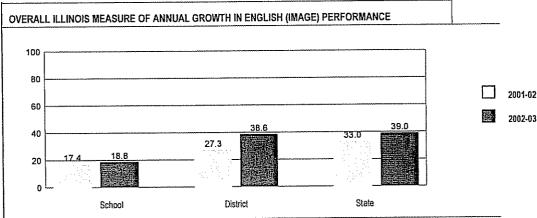

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. These performance measures include only those test scores for the grades and subjects included in your school.

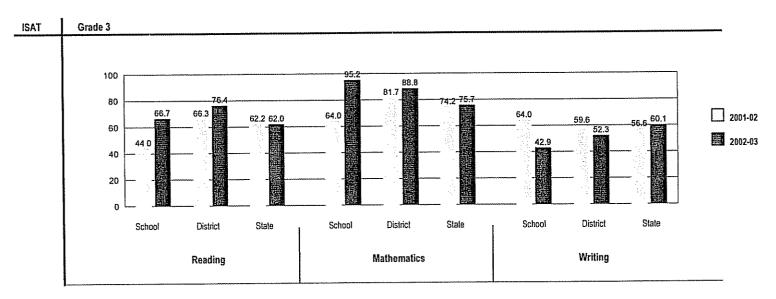

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures

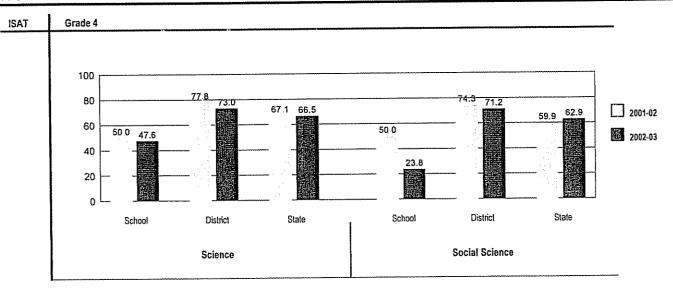

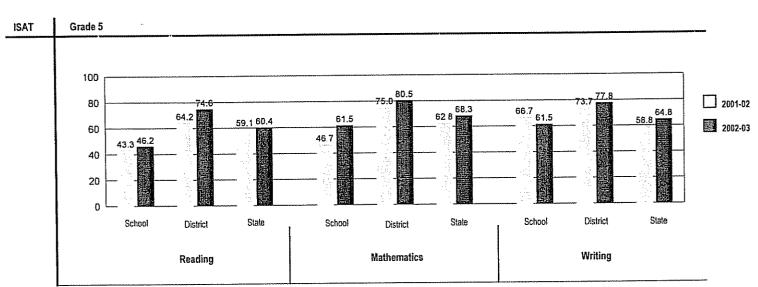

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

14-016-1050-02-2002 HODGKINS ELEM SCHOOL

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP or Section 504 Plan. An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act. A Section 504 Plan is developed to provide reasonable accommodations for a child who meets the definition of a qualified person with a disability under Section 504 of the Rehabilitation Act of 1973.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 - Academic Warning -

Student work demonstrates limited knowledge and skills in the subject Because of major gaps in learning, students apply

7

knowledge and skills ineffectively

Level 2 - Below Standards -

Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students

apply knowledge and skills in limited ways

Level 3 - Meets Standards -

Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills

to solve problems.

Level 4 - Exceeds Standards -

Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills

to solve problems and evaluate the results.

Three Conditions Are Required For Making Adequate Yearly Progress (AYP)

- 1. At least 95.0% Tested for Reading and Mathematics for the All Group and Subgroups
- 2. At least 40.0% Meeting/Exceeding Standards for Reading and Mathematics for the All Group, and at least 37.0% for all Subgroups to compensate for error in measurement for smaller subgroup sizes, or meet Safe Harbor requirements***
- 3. At least 88.0% Attendance Rate for Non-High Schools or at least 65.0% Graduation Rate for High Schools
- * Includes only students enrolled as of 9/30/02.
- ** Safe Harbor Targets of 37% or above are not printed.
- *** Subgroups with fewer than 40 students are not reported. Safe harbor only applies to subgroups. In order for safe harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. Safe harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

2003 Illinois School Report Card Hodgkins Elementary School

Hodgkins Elementary School is a cooperative extension of family and community that strives to facilitate the education of every student by providing the safe, challenging, responsive, and motivating environment required to support the desire and skill necessary to the development of life-long learners and productive citizens. This is our mission.

Our work with students is guided by our vision. We are committed to supporting all students and enabling each to master literacy and numeracy skills, develop habits and attitudes toward work, draw upon integrity in forming relationships, develop a commitment to responsibility, and accept the ideas and opinions of others.

School year 2003-2004 will focus on literacy strategies across the curriculum within our learning community. Staff development in the building will support those literacy initiatives.

We are pursuing a balanced literacy approach to instruction across the curriculum. Wright Group and Scholastic guided and shared reading materials are used throughout grades K-6. Our phonemic awareness program in the primary grades and our Rebecca Sitton spelling program at the intermediate level mesh to comprise our working with words system.

Everyday Math is fully implemented through fifth grade. Connected Math is used at the sixth grade level, extending inquiry skills from Everyday Math and integrating with the seventh and eighth grade levels of math.

The Responsive Classroom morning meeting component is in its second year in grades 2-6. The program facilitates the building of community skills in the classroom. Personal responsibility for the welfare of the classroom community, integrity of interaction, and apology of action are the goals of this school wide initiative.

Our school improvement goals focus on literacy. Vocabulary development is a critical component throughout the grades. Use of vocabulary in appropriate context is key to understanding content, constructing meaning, and formulating accurate responses in speaking and writing experiences.

We are a learning community of teachers, students, and parents who read, write, and learn together
